

SPONSORSHIP & PARTNER PROGRAM

Partner with the NISRA Foundation and help create life-changing opportunities for individuals with disabilities. Your support ensures that NISRA can continue offering inclusive recreation programs that foster friendships, social growth, and community engagement. From wellness and fitness activities to joyful celebrations and new experiences, your contribution empowers participants to thrive, connect, and embrace life to the fullest.

Our Reach

NISRA is a special recreation cooperative comprised of 13 Park Districts and Municipal Parks and Recreation Departments serving McHenry County, western Lake County and northern Cook and Kane Counties. The NISRA Foundation plays a vital role in supporting this mission by leading fundraising efforts that unite our communities and expand opportunities for those we serve.

Community Exposure

NISRA's presence extends across multiple platforms, ensuring widespread visibility for our supporters. Each year, we distribute 3,000 printed brochures and 3,400 mailings, with additional exposure in the brochures of all 13 member districts. Our engaged audience includes 5,100 active email subscribers, 3,700 social media followers, 2,000 Annual Report recipients, and a dedicated network of over 2,500 event and community supporters. Partnering with NISRA means connecting with a passionate and engaged community committed to making a difference.
